

CAPABILITY STATEMENT

HIGH-PERFORMANCE PERMEABLE CONCRETE SOLUTIONS

OUR CAPABILITY

Permeable Concrete NZ Ltd (Permcon) has delivered high-performance permeable concrete solutions since 2018. Working with leading firms such as John Fillmore Contracting and GJ Gardner Homes, we provide an environmentally friendly alternative to traditional concrete – helping our clients meet stormwater, site coverage and sustainability requirements with confidence.

OUR PEOPLE. OUR PARTNERS

Permcon is led by Operations Manager **Stu Girven** – a specialist with more than 15 years’ experience in permeable pavements.

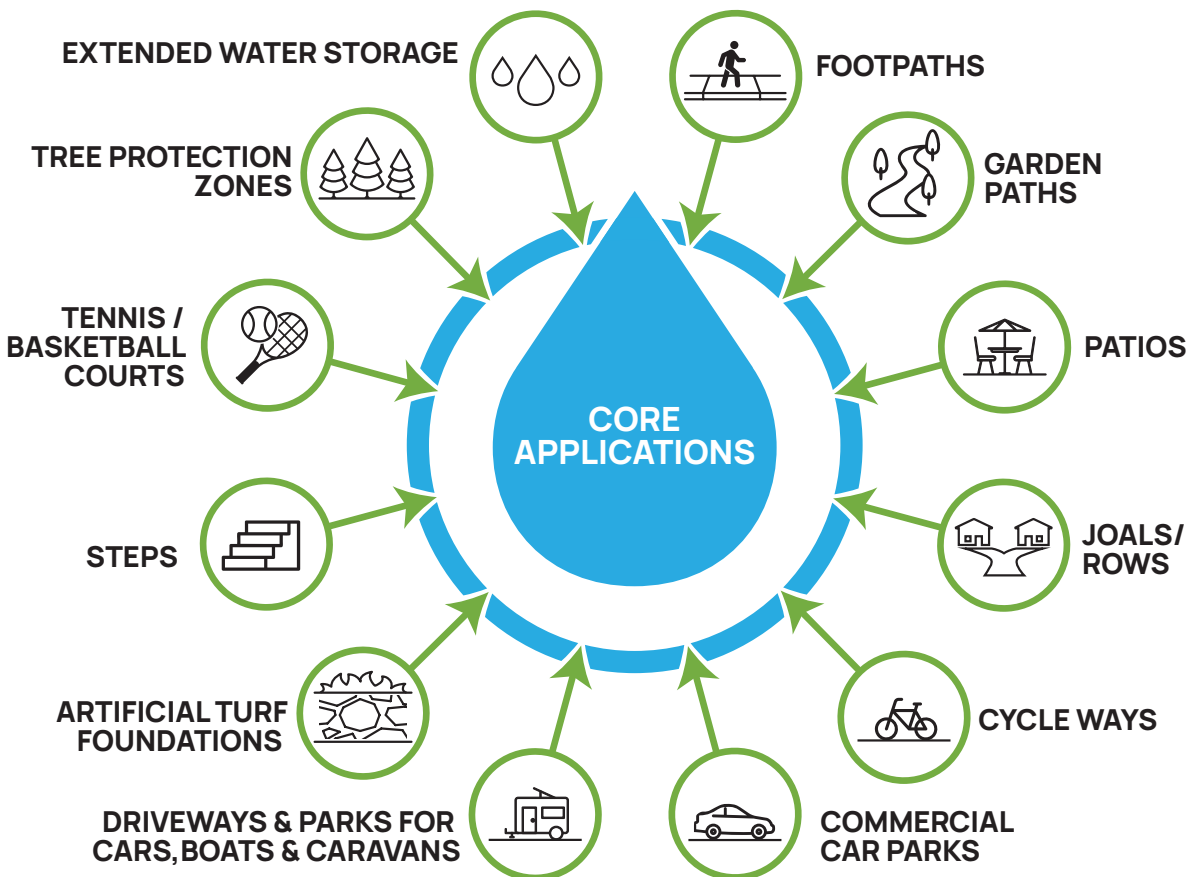

We partner with **Firth Industries** to supply quality permeable concrete mixes nationwide.

“Firth is proud to partner with Permcon NZ to supply and install permeable concrete systems that meet the growing demand for sustainable stormwater solutions. The Permcon system combines engineering performance with proven durability and compliance. It’s a reliable solution, backed by a team with strong product knowledge and a clear understanding of New Zealand’s regulatory environment. We value the partnership and look forward to continuing it.”

Jamie Frew | Firth General Manager Customer Concrete Division

OUR SOLUTIONS

WATCH OUR SOLUTIONS VIDEO:

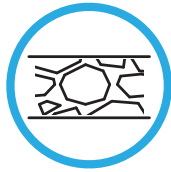

ENVIRONMENTAL BENEFITS OF PERMCON

REDUCES RAINFALL RUNOFF

RECHARGES NATURAL GROUND AQUIFERS

REDUCES STORMWATER PEAK FLOWS

FILTERS STORMWATER

SMALLER RETENTION STRUCTURES

MAXIMISES LAND USE

PROTECTS SOIL HEALTH

MINIMISE YOUR CARBON FOOTPRINT

Manufactured to reduce embodied carbon by 62.2%, Permcon CarbonLow is a Toitū assessed low-carbon option delivering the same strength, durability and permeability of the standard Permcon system – specified and installed in exactly the same way – with a lower environmental impact.

CONTRACTORS LOVE WORKING WITH US

Peter Robinson, Director / Sales Manager, By Design Concrete.

“Over the past seven years, Permcon has proven to be reliable, professional, and solution-focused. Its expert team consistently delivers high-quality work with a strong focus on site safety. They’re easy to coordinate with, responsive to project needs, and often go the extra mile to meet timelines and standards. I wouldn’t hesitate to recommend Permcon as a subcontractor or delivery partner to any construction company.”

We support a nationwide network of trained local installers to deliver quality outcomes at scale.

All installers are certified and trained in Permcon’s installation methodology, ensuring consistency and performance from design to completion.

COMPANIES WE’VE WORKED WITH

We’ve worked with some of New Zealand’s leading contractors and construction businesses.
